Hospice Mid-Northland and Far North Community Hospice Education Calendar 2025

Syringe Driver Training (SD)

Registered or enrolled nurse within the mid and far north region can now enroll free of charge.

(more info pg. 2)

Syringe driver training workshop are offered monthly February – November or as arranged in your facility.

Fundamentals of Palliative Care (FOPC)

Fundamentals of Palliative Care course is a series of learning packages designed for any health care worker – registered and non-registered, offered free of charge. (more info pg. 2).

The Fundamentals of Palliative Care Workshops can be run either as Modular monthly workshops or full day workshops that include all the modules.

Other Locally Facilitated Workshop

·Palliative care study day at each of the hospitals (Bay of Islands Hospital, Kaitaia Hospital and Hauora Hokianga)

·Caregivers -practical workshops

-Communication Workshop: compassionate communication in palliative care.

In addition, please note: We continue to provide opportunity for some of these workshops and /or additional education to be provided on-site if numbers are sufficient. Please send your enquiry to education@hospicemn.org.nz

More education dates available across Te Tai Tokerau via North Haven Hospice Whangarei and Kaipara Hospice.
